

BAND STUDENT OPPORTUNITY FUND

*In this season of giving,
please consider contributing to this
fund to help needy students continue to
participate in our band program.*

*Thanks to the thoughts & contributions of several
band parents, this fund has already been established
with \$1500 in donations
and students have already benefitted.*

The purpose of the opportunity fund is to provide financial assistance to supplement student's costs associated with participation in the John Hersey High School Band program and to provide access to educational opportunities that these students might not otherwise be able to take advantage of due to family circumstances. The use of the fund will be specific to individuals and is not to be used to reduce expenses for the band as a group. Students and families do not apply for use of these funds. Mr. Casagrande, based on confidential family situations and need, initiates the use of these funds.
